

FEBRUARY *the kindness edition*

ARAW's Going with the FLO Newsletter
Friendship | Lunches | Outings

With all that is going on in the world, we thought it was a good moment to take a breath and remind ourselves of the ability we have to make the world a better place.

Spreading kindness and showing respect for one another is a superpower. This Valentine's Day and throughout the month of February, let's make an extra effort to spread kindness like wildflowers and show each other the respect we deserve.

We hope you will join as we commit to being the very best versions of ourselves.

Happy Valentine's Day!

Valentine's Day is for all of the kind-hearted people who love and help make the world a better place for all.

Happy Valentines Day!

We Want to Feature You!

Tell us your story

ARAW is redoing our website, and we are hoping members of our ARAW family will share their stories and photos.

Let us know if YOU would like to be featured!

Get to know ARAW!

ARAW has been around since 1866, but a lot of people still aren't aware of our mission and the work we do. As a private foundation, we are always looking to reach the women who may benefit from ARAW support. And we have been having a ton of fun going out in the community to spread the word.

Let us know where you think we should have our next information session! We are anxious for the community to learn about ARAW directly from ARAW – please help us spread the word!

If you know someone who meets our eligibility guidelines and might need a little extra help, please encourage them to call ARAW

KINDNESS IS GOOD FOR YOUR:

MIND

Studies show that the social connection promoted by engaging in acts of kindness is a key predictor of both well-being and recovery from anxiety and depressive disorders.

BRAIN

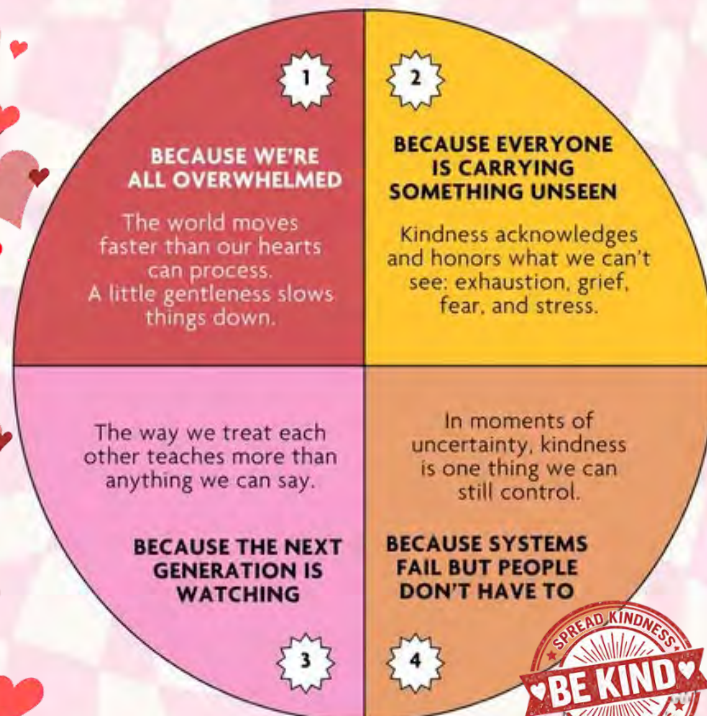

Kindness generates a chemical response in our brains by boosting neurotransmitters in our brains like dopamine and serotonin.

BODY

Another lesser-known neurotransmitter activated by acts of kindness is oxytocin. It can promote a sense of bonding and connectivity, but it's also considered "cardioprotective."

Why Kindness is More Important Than Ever

Every ARAW Board meeting begins with a Board member sharing a reflective moment. In January, ARAW Board member Paulina Fuenzalida-Guzmán shared a personal reflection and we wanted to share it with you as part of our February 2026 newsletter - *the Kindness Edition*.

Personal Reflection – ARAW Board meeting

I'd like to begin by sharing what I've been feeling personally. These are complex times. The violence and vulnerability I see around us remind me just how fragile human dignity can be. It's not always easy to understand or make sense of it all.

I feel deeply honored to be part of a group of women who are already on a path of empathy and understanding. As an institution, we listen, we accompany, and we support those facing life's challenges with care and sensitivity. That commitment gives me strength and confidence to continue acting with awareness and intention.

I want to pay tribute to **Renée Nicole Good, a woman whose empathy and life touched me, and to Alex Pretti**, whose compassion and courage also left a deep impression on many. Their examples remind me that even in pain, humanity is upheld through acts of care and courage.

May this inspire us to continue our work with heart and purpose, and to keep **my role — as a woman and as part of ARAW — proactive, mindful, and positive.**

Ramp Donation Program

Are you in need of a ramp to enter your house? Has your mobility recently changed? Or are you just out of a rehab facility? We may be able to supply a ramp temporarily to you at a low/no cost. In many cases, we can supply a metal ramp on loan. When the family is done with the loaned ramp, it will be returned to us for loan to another low-income family. We also accept donations of ramps!

Here is a ramp we recently installed in New Bedford!

According to Janice. "It makes me feel alive! Really and truly! I don't have to lift my legs that I can't lift! I used to have to cling to the rail to get up, then lift my legs three times because I had three big steps, and now I can run up it! A flock of angels put it up. All gentlemen and very nice. I can't imagine being without the ramp now. It's wonderful!"

Janice is 86 years old.

**For more info on getting a ramp, please call (508) 758-4517
